

**Industrial Millwright Services
has been providing quality
millwright services since
2003.**

We provide an outstanding team of millwrights and engineering staff who are capable of following engineering guidelines and reading blueprints for building, installing, repairing, and modifying a wide variety of industrial equipment. We also offer engineering services, print revisions, and project management services.

**Industrial Millwright
Services has three core
principles:**

- 1 Work SAFELY**
- 2 On budget**
- 3 On time**
